Accredited Status is granted to institutions that are in Substantive Compliance with the TRACS Standards. Substantive Compliance indicates that the Accreditation Commission has determined that an institution's level of compliance is sufficient to warrant accreditation and that the institution can come into full compliance with all the Accreditation Standards within a maximum of two years. Initial accreditation is for a period of five years. For Reaffirmation I, each institution must complete a successful self-study, host an on-site team evaluation, respond to the team recommendations, and appear before the Accreditation Commission by October 2022.

The following institution was granted Accredited Status by the TRACS Accreditation Commission after completing a successful self-study and being evaluated by an on-site evaluation team:

ADVERSE ACTION

Morthland College (P.O. Box 429, West Frankfort, IL 62896)

On October 24, 2017, the Accreditation Commission voted to place Morthland College (MC) on *Probation*. MC will have one year to come into compliance with the Standards noted below with a first *Progress Report* due February 15, 2018. A second *Progress Report* will be due August 15, 2018. The Commission action became final upon the expiration of the Appeal period on November 20, 2017. The institution will maintain the current *Accredited – On Probation* Status until the October 2018 meeting of the Accreditation Commission.

The TRACS Accreditation Commission has the following options:

If the institution corrects its deficiencies and demonstrates compliance with the Accreditation Standards noted below, the Accreditation Commission shall remove all adverse action against the institution.

If the institution has not corrected its deficiencies and demonstrated compliance with the Accreditation Standards noted below within the period allowed, the Accreditation Commission can:

- i. Grant an extension of *Probation* for no more than six months (This can only be granted one time and is not granted as a matter of right.); or
- ii. Require the institution to Show Cause why its accreditation should not be terminated.

This action of the Accreditation Commission is based on the determination that the institution's non-compliance with the Accreditation Standards is substantively significant and rises to the level where the institution's ability to fulfill its mission or to provide a quality educational experience consistent with that associated with an accredited post-secondary institution is in question. In summary, the Commission found that MC could not demonstrate compliance with Standards 17.1, 17.2, 17.3, 17.4, 17.5, 17.6, 17.7, and 18.1 (Financial Stability).
