

**Teach-Out Articulation Agreement
Central Christian College of Kansas and Morthland College**

Recognizing that it is in the best of interest of both parties to facilitate the transfer of qualified students from Kansas Christian College to Central Christian College of Kansas, both parties enter into an educational agreement in order to provide participating students the opportunity to pursue a baccalaureate degree at Central Christian College of Kansas. This articulation agreement is entered into by Central Christian College of Kansas and (CCCK) and Morthland College.

Central Christian College of Kansas is accredited by the High Learning Commission of the North Central Association of Colleges and Schools. Morthland College, effective July 31, 2018 will be closing its doors. This agreement is reflective of the.....

Articulation & Transfer Criteria

The intent of this agreement is to facilitate the completion of a baccalaureate program for students at Morthland College.

Due to financial constraints, Morthland College Board of Trustees voted on May 17th, 2017, the college would not resume services and an academic institution beyond the 2017-2018 academic year. Morthland College requests that students in the Business Administration and Biblical Literature degree programs to transfer with minimal disruption. As the Business Administration degree aligns similarly, CCCK will be able to assist the students to continue their educational journey. Those students with a Biblical Literature path, CCCK will be able to offer alternative Ministry Theology paths, however, certain programmatic course may not be considered as equivalencies.

Courses with a grade of C- or better, are eligible for transfer to CCC and may be applied as general education credits toward the completion of a baccalaureate program. As appropriate and as described in this agreement, transferrable courses may be used to fulfill appropriate general education requirements and elective credits in the baccalaureate programs.

Central Christian College of Kansas will evaluate other transfer courses for equivalencies or substitutions based on the individual student degree plans.
