Introduction

Institutions seeking membership with TRACS and current member institutions engaged in the Self-Study process are required to provide documentary evidence demonstrating that the institution is in compliance with the Expectations for Accreditation that have been established by the Accreditation Commission of the *Transnational Association of Christian Colleges and Schools* (TRACS). These expectations are listed under sixteen **Accreditation Requirements** (Standards 1-16) and under specific **Federal Requirements** (Standard 17).

This publication is intended to provide guidance to institutions in the production, gathering and presentation of documentary evidence demonstrating compliance. TRACS staff, peer evaluators and the Accreditation Commission may also use these guidelines to determine an institution's level of compliance with TRACS Standards.

This publication should not be viewed as an exhaustive listing of possible compliance evidences nor should it be used as a final checklist for determining institutional compliance.

Demonstrating Compliance

Presented in this manual under each **Accreditation Requirement** (Standards 1-16) and under the specific **Federal Requirements** (Standard 17) is a listing of Evaluative Criteria relevant to each area as well as a listing of Typical Documentation that institutions may submit in addressing compliance with these Standards.

As a reminder, the list of Typical Documentation is not exhaustive. Institutions may provide other documentation relevant to their specific context. The examples presented may not be applicable to all institutions. Additionally, institutions are not required to use the examples presented and may instead choose to demonstrate compliance via other means. Peer Evaluators should defer to the documentation presented by the institution if such documentation demonstrates compliance with the Standard under review. This document is not intended to serve as a final checklist for determining compliance.

I. Accreditation Requirements

1. Faith Statement

The Faith Statement of an institution defines its Christian nature by affirming those doctrinal matters to be true that are found in the TRACS Biblical Foundations Statement and that identify it as part of the evangelical protestant tradition in education. It is to be written so as to conform to the historic creeds and statements of Christianity, and thus reflect a careful and precise theological statement, but also accurately state the current position of the institution as set down by the institution's Board and administration. In addition, it should be written lucidly in order to inform prospective students, faculty, administrators and Board members, as well as external constituencies, regarding the religious identity of the institution.

- 1.1 **The institution has a Faith Statement which is readily available, and included in appropriate official publications. (IER)**

- 1.2 The institution's Board approves and periodically reviews the institution's Faith Statement.

Evaluative Criteria: The Accreditation Commission will utilize the following evaluative criteria when determining institutional compliance in this area:

- The Faith Statement is consistent with evangelical protestant theology and with the Faith Statement of TRACS.
- The Faith Statement accurately defines the theological distinctives of the institution.
- The Faith Statement is reflected in the institution's key publications, including the website.
- The Faith Statement is regularly reviewed and approved by the institution's Board according to the processes outlined in the institution's *Assessment Plan*.

Typical Documentation: This list of Typical Documentation is not exhaustive, and institutions may provide other documentation relevant to their specific context. The examples presented may not be applicable to all institutions. Additionally, institutions are not required to use the examples presented and may instead choose to demonstrate compliance via other means.

- A policy or procedural document concerning the institution's commitment to notify TRACS if the institution's Faith Statement is altered substantially such that alignment with the TRACS Faith Statement may be called into question
- Copies of all institutional publications that contain the Faith Statement
- Board meeting minutes indicating that the Faith Statement is reviewed and approved according to the institution's *Assessment Plan*
- Documents indicating that the Faith Statement is understood and respected by the institution's Board, Administration, Faculty, Staff and Students

TRACS holds to the following Faith Statement:

The Bible: *The unique divine, plenary, verbal inspiration and absolute authority of all sixty-six canonical books of the Old and New Testaments as originally given. The Bible is the only infallible, authoritative Word of God and is free from error of any sort, in all matters with which it deals, scientific, historical, moral, and theological.*

The Trinity: *The triune, Godhead—one eternal, transcendent, omnipotent, personal God existing in three persons: Father, Son, and Holy Spirit.*

The Father: God the Father, the first person of the Divine Trinity, is infinite Spirit—sovereign, eternal, and unchangeable in all His attributes. He is worthy of honor, adoration, and obedience.

The Son: *The Perfect, sinless humanity and the absolute, full deity of the Lord Jesus Christ, indissolubly united in one divine-human person since His unique incarnation by miraculous conception and virgin birth.*

The Holy Spirit: *The Holy Spirit is the third person of the Godhead who convicts, regenerates, indwells, seals all believers in Christ, and fills those who yield to Him. The Holy Spirit gives spiritual gifts to all believers; however, the manifestation of any particular gift is not required as evidence of salvation.*

Historicity: *The full historicity and perspicuity of the biblical record of primeval history, including the literal existence of Adam and Eve as the progenitors of all people, the literal fall and resultant divine curse on the creation, the worldwide cataclysmic deluge, and the origin of nations and languages at the tower of Babel.*

Redemption: *The substitutionary and redemptive sacrifice of Jesus Christ for the sin of the world, through His literal physical death, burial, and resurrection, followed by His bodily ascension into heaven.*

Salvation: *Personal salvation from the eternal penalty of sin provided solely by the grace of God on the basis of the atoning death and resurrection of Christ, to be received only through personal faith in His person and work.*

Last Things: *The future, personal, bodily return of Jesus Christ to the earth to judge and purge sin, to establish His eternal Kingdom, and to consummate and fulfill His purposes in the works of creation and redemption with eternal rewards and punishments.*

Biblical Creation: *Special creation of the existing space-time universe and all its basic systems and kinds of organisms in the six literal days of the creation week.*

Satan: *The existence of a personal, malevolent being called Satan who acts as tempter and accuser, for whom the place of eternal punishment was prepared, where all who die outside of Christ shall be confined in conscious torment for eternity.*
